**Chapel of Repose opened by Co-op**  
A LARGE group of Co-operative and other workers gathered at the opening of the new Chapel of Repose at the Grays Crematorium on Thursday. The chapel is a fine example of modern architecture and is well equipped for the holding of religious services.

**"Music" is not appreciated!**  
WELLS Thurrock people are generally appreciative of music, but a recent incident at the Grays Crematorium has shown that this is not always the case. A group of young boys were playing a loud and raucous piece of music in the chapel during a service, and the result was a complete lack of appreciation from the other members of the congregation.

**Pot on the back is deserved**  
STAMPED and carried off the road by a motorist who was driving at a high speed. The driver was fined for driving at an excessive speed and for not having a valid licence. The motorist was also fined for not having a valid insurance policy.

**Anonymous support for candidate**  
A candidate for the Thurrock Council election has received anonymous support from a number of voters. The candidate is Mr. J. J. Quiller, who is a member of the Eastern District Council. He has received a number of votes from voters who do not wish to have their names published.

# 500 HOUSES IN THREE YEARS PLANNED AT CORRINGHAM

## 150 ready by end of this year

FIFTEEN hundred homes in three years—this is the ambitious aim of the building of a new estate at Langrith Hill, Corringham. To be called the Thematic Estate, the area lies on the Saxon side of Langrith Hill—a few minutes over the hill to Corringham and within a few minutes of the town.

### Our Readers write...

(Continued from Page 8) I have just read your article on the proposed extension of the railway to the station at Langrith Hill. I am glad to see that you have mentioned the fact that the railway is to be built on a viaduct. This is a very important point, as it will ensure that the railway will not be affected by the proposed extension of the road. I am sure that the railway will be a great benefit to the area, and I hope that it will be completed as soon as possible.

Now here's a job for you

Tom Robinson and his team are on the Signal Engineer's staff of British Railways— their left fingers keep the complex signalling and intercommunication equipment in trim. Although they work 'behind the scenes' they can look proudly at the speeding trains, because their job is vital in keeping traffic safely and rightly on the move.

The Modernisation Plan calls for new electrical signalling and intercommunications to be installed on many more lines. There's a scarce and promising future for men like Tom. Why don't you, too, join? There are openings for signal maintenance staff in your area. For more details all you need do is call on your local Statute Master. He will tell you what vacancies will give you a better covering for your area, pay advantages, pension prospects, etc.

### Man's breach of probation

THURROCK Magistrate, Mr. J. W. Smith, has sentenced a man to a term of imprisonment for a breach of his probation. The man was found guilty of a serious offence and had failed to comply with the conditions of his probation.

### Chemists' opening

The proposed opening for a chemist's shop in Thurrock is a great benefit to the area, and I hope that it will be completed as soon as possible.

### THURROCK'S ROAD ESTIMATES ARE CUT BY £32,163

THURROCK Council view with concern the reduction of their estimates for roads by the County Council, and propose asking the further contribution to the roads fund.

### One of the signal engineers

One of the signal engineers is working on a signal. The signal is a complex piece of equipment that is used to control the flow of traffic on the railway. The signal engineer is responsible for maintaining and repairing the signal, and for ensuring that it is working correctly.

St. John's Church Youth Club held a social and dance on Friday in the Church Hall.

Avelly P.C. annual dinner was held on Saturday. Full report on Page 8.

### APPOINTMENT FOR SON OF THE LATE RURAL DEAN

REV. JOHN P. O. BROWN, son of the late Canon W. C. ## By the Way

**Spent more on our roads**

ALTHOUGH most members of Thurrock Council respect the County's estimate for the current year, the authorities are not so ready to accept the local roads will have to wait with the present condition of so many of the highways. Presently described as the worst in Essex, this is a serious matter.

The County authority has not sought out this area for its own. On the contrary, Thurrock is one of the few localities that have been similarly dealt.

This area, however, bears no comparison with other parts of Essex where it comes to road layout. Highly industrialized, and with heavy traffic, and with the docks, the roads in Thurrock have a terrible condition. The local Council frequently is forced to asking the County to consider granting a larger allocation to meet the needs of the roads which is so vitally necessary.

**Five record of service**

THURROCK War Welfare and Social Service Council, which has been working hard during the war, has brought its activities to a fitting conclusion. It has been disbanded and the remaining funds handed over to Thurrock Council, who have agreed to carry on the work.

**"Fight the Government"**

Readers may remember that some time ago we reported on the formation of a "Fight the Government" League in Thurrock, one of which was formed in the County. This was the result of the fact that the Government was not doing enough to help the people in the County.

**Sunday, Day of Rest**

It is a day of rest for the people of Thurrock. The County Council has decided to close all the roads in the County on Sunday. This is a day of rest for the people of Thurrock.

**Boarded. Unwelcome work**

It is a day of rest for the people of Thurrock. The County Council has decided to close all the roads in the County on Sunday. This is a day of rest for the people of Thurrock.

### Gardens of remembrance in peaceful setting

WORKMEN had left the building site, stone masons had pointed the tall chimneys in the blue sky above. All around was the peaceful countryside—trees, meadows, playing fields and in the distant background the neat rows of houses at Upton.

It was the stonelaying party for a small apartment block on the site of the old building. The ceremony was held on Tuesday. The guests were the Rev. Canon T. M. Talbot, the Rev. Canon J. H. Talbot, the Rev. Canon R. H. Talbot, and the Rev. Canon E. H. Talbot. The Rev. Canon T. M. Talbot, the Rev. Canon J. H. Talbot, the Rev. Canon R. H. Talbot, and the Rev. Canon E. H. Talbot.

# RETIREES AFTER 44 YEARS OF CATCHING SMUGGLERS

ONE of the best-known figures at Thirsk Railway, Chief Preventive Officer Mr. Ronald Westcott, M.B.E., of Mansfield Road, Northfleet, retired this week-end after 44 years' service with Customs and Excise.

The job of catching the smugglers has become a familiar story, and so have the methods of those who try to catch the Customs men. Goods which are smuggled are often hidden in the most unlikely places. One is the plug of a hard-top and another is a tin of soap. Goods are often hidden in the luggage of travellers. Mr. Westcott was a member of the Customs Service since 1913. Then he was transferred to Thirsk head and after a brief time at Grassington again he went in charge of the Department of North Kent Railway in 1922. Two years later he returned to Customs and Excise when he went to Customs House, from there he moved to Thirsk in 1925. He was posted back to Grassington and in 1928 he was transferred to Thirsk. His constant contact with smugglers has given him an understanding of foreign law in a way which is particularly valuable to the Customs Service. He has been a member of the Customs Service since 1913.

# CHILDREN GOT SUN-TANNED IN THE SWISS SNOW!

### NOT many schoolchildren back at school after the Easter holiday can claim to have had an interesting holiday at the children from Dulles Junior School, Belton. These children, aged between 10-12, returned yesterday with their school bags but their school-bags were empty. They spent ten days of their holiday at the Swiss Alps in the mountains of Switzerland.

## CONCENTRATED ATTACK ON THE DOCKS

### COACH DRIVER WAS SPEEDING

Two British Arthur Lamson, of Clacton Road, Grays, was fined on Friday for speeding in Lady Lane, Grays, in a motor coach.

P.C. Mc. Thomas said the coach was carrying 21 children at the time.

For similar offences, Alfred Douglas Clark, of Clacton Road, Grays, was fined £5 and Frederick Charles Hall, of South Lane, Larking, was fined £5.

Richard Edward King, of Clacton Road, Grays, was fined £5 and William Thomas, of Clacton Road, Grays, was fined £5.

When the Court was sitting on Friday, the Bench was composed of Mr. Justice and Mr. Justice.

### PARLY Sunday morning a wave of sunny bonnets swept up the Thames Embankment and directed a concentrated lightning attack on Tilbury Dock. An ammunition dump standing at the cargo pier was "struck and set on fire". At the north end of the docks the old Photo installations—now used for storage of ammunition—were bombed and ammunition trucks at the marshalling yards burst into flames as cannon shells riddled through the tarpaulin covers. When the Court was sitting on Friday, the Bench was composed of Mr. Justice and Mr. Justice.

## INDUSTRY MAY BE ASKED TO HELP THE CHURCH

### £15-A-WEEK MAN STOLE PIECE OF COAL

A man earning £15 a week was fined for stealing a piece of coal from a shop in Grays on Friday. The man, who was named as John Smith, was fined £15 for the offence.

### ESTIMATED income required by Chatham Dock Board of £100,000 for 1934 will amount to £100,000 as compared with £24,238 for the present year. The sum to be raised from grants will be £21,118 as against the present £20,118.

The figures were submitted by the General Purposes Committee when the Board met on Monday at St. Nicholas, Bishopsgate, under the chairmanship of Lord Bessborough.

The Chairman said the estimated requirements showed an increase of about £75,000. There were two items which accounted largely for this increase.

Training for the industry from £4,500 to £2,000, and church buildings and repairs from £10,000 to £15,000.

It was pointed out that the five years plan was for an increase in the number of workmen, a fact which would also be reflected in the increase in the expenditure on repairs to the docks. It was also pointed out that the expenditure on repairs to the docks was going to be higher than they had thought.

The Board estimated the cost of providing for the ordinary needs of the docks in the five years plan. It was estimated that the cost of the docks as a whole at the end of the five years plan would be £100,000.

Mr. L. B. Wilson (Arms Staff Officer) presented awards to junior cadets of St. John Ambulance Brigade (Grays) on Saturday.

## METHODIST CHURCH CELEBRATES ITS 71st ANNIVERSARY

London Road Methodist Church at Grays celebrated its 71st anniversary on Sunday and Wednesday. The anniversary on Sunday was the Superintendent of the Grays Circuit, Rev. J. Bowyer, who presided at the service. In the afternoon a musical service was held by the young people of the church and Sunday School, who gave a programme of vocal and instrumental music.

The anniversary on Wednesday was celebrated at the church by the members. An organ recital followed, given by Mr. Harold Stannard.

## OIL POLLUTION OF THE THAMES ESTUARY

During discussion at Monday's meeting of the Kent and Essex Sea Fisheries Committee on the pollution of the sea by oil, the Deputy Chair said there were undoubtedly considerable quantities of oil in the Thames Estuary, but the oil sources seemed they discharged oil into tidal waters. It is only the P.L.A. seemed to support them. It must be that some of the oil was being discharged out at sea and was being brought back by the tide to the estuary.

Under the watchful eye of Master Justice Major of Bessborough (left) in the centre and the General Director Chairman of Thurrock Council (left), Mr. F. Fry and the Chairman of Thurrock Council (right), Mr. C. Crook, stands the level during the oblong ceremony of the ceremonial laying of the foundation stone of the power station at Grays.

The Deputy Chair said the committee should be satisfied that all refuse oil was extracted before the effluent was discharged.

Mr. Lyle said if the oil companies were correct in their statements, they could have no objection to the Ford Flattery Officer being asked to visit the docks to see if the water was clean.

**DANGEROUS LEAD**

Mr. Lyle said a man with a dangerous lead, having been convicted of a crime, was being kept in a cell at the Grays Prison. It was said that the man was very dangerous.

## Mainly for Women

—By Jennifer

IMPORTANT women's fairs are being held in Grays, and it is worth noting that the first of these is a splendid success.

Valerie, who is nearly 18, will be having a rehearsal tomorrow, ready to take part in an all-star show at East Hill Palace on Sunday.

By means of a statement to the East Hill Press, she has often sung at the Town Hall, and in London. Valerie is also learning shorthand but she would prefer singing should the opportunity occur.

The first began to sing in public when eight years of age. That was at school, but since Valerie has taken some modern numbers by request at local functions.

She has entered many talent contests, including those staged at places where she has seen soldiers, and can boast never having failed one yet.

While at Park Secondary Girls' School, Valerie played some of the leading parts in the school operetta. At that time she was also a soprano singer and actress, and played the piano. Recently she had a television audition.

Valerie's other sister, also sings quite well, but has never appeared in public, and a brother is in the church choir. They do doubt their interest in music from their father who plays the piano and violin with hands.

# ABSENCE OF GOAL-SCORING FORWARD SETS GRAYS A PROBLEM

## K.O.'d AS HE SCORES, AND CARRIED OFF ON A STRETCHER

Grays A, 1-0  
**GRAYS** fully deserved their victory in this Corinthian League game on Tuesday evening, for they were a match stronger than their opponents, and had a goal to spare.

Grays were the only team in the league to have scored in the first 10 minutes of the match, and to have scored again in the 15th minute.

Grays were the only team in the league to have scored in the first 10 minutes of the match, and to have scored again in the 15th minute.

# SETS GRAYS A PROBLEM

The friendly with Tilbury last (Thursday) evening concluded the 1963-64 season for Grays, which saw them for the first time in 11 years of Corinthian League football in the wrong half of the final table, with more goals scored against than scored for.

Lack of marksmen in the forward line has been one of the club's main problems this season. It appears for many months now that the top goalscorer will be goal-keeping right-winger Bill Gardner, who played only one first team game.
